Tech Analytica Ltd HR Team

Tech Analytica Ltd.

Gulshan 1, Dhaka 1212.

**Subject:** Application for MERN Developer.

Dear HR,

I am writing to express my interest in the **MERN Developer position** at **Tech Analytica Ltd**. With a strong foundation in **MongoDB, Express.js, React.js, and Node.js**, coupled with over a year of hands-on experience in building full-stack applications, I am confident in my ability to contribute effectively to your development team.

I graduated in **Computer Science and Engineering** from **Daffodil International University**, where I specialized in web development and gained practical experience in both **frontend and backend technologies**. I have successfully developed and deployed several projects using **React, Tailwind CSS, and Bootstrap** for responsive user interfaces, and **Node.js, Express.js, and MongoDB** for scalable backend systems. My experience also includes **REST API design, authentication & authorization, third-party API integration, and database management**, which have strengthened my ability to deliver end-to-end solutions.

What excites me about the opportunity at Tech Analytica Ltd is your dedication to building **high-quality, user-centric digital products**. I am passionate about creating **responsive, secure, and efficient web applications** that provide great user experiences while maintaining robust backend performance. I believe my technical expertise, problem-solving mindset, and dedication to continuous improvement make me a strong fit for your team.

I would welcome the opportunity to discuss how my **MERN stack expertise** can contribute to the success of your company. Thank you for considering my application. I look forward to the possibility of joining Tech Analytica Ltd as a **MERN Developer**.

Sincerely,

**MD. SABBIR HOSSAIN**
